

BASA Soccerween 2014

Bay Area Soccer Association, (BASA), is a non-profit organization established in 1995

to provide youth in Bay County with the opportunity for soccer development, as well as to foster good sportsmanship, teach teamwork, and encourage parent and community involvement. Annually, BASA provides recreational and competitive travel team opportunities to over 1,200 youth between the ages of 4 and 18.

This fall, BASA will be hosting our 6th annual Halloween soccer tournament that draws soccer teams from around the tri-cities as well as the state. This event held October 25 and 26, is a friendly low-cost tournament that has attracted over 720 players and their families to the Bay Area and serves to promote the BASA Soccer Club. All proceeds from the tournament are used to enhance the BASA youth soccer program that provides player development, scholarships to summer soccer camps for players in need, and purchases needed equipment such as nets and goals. The nets and goals are used at the BASA complex as well as donated to local schools and parks.

BASA invites you to help support children in the Bay Area by becoming a Soccerween sponsor. Your sponsorship will provide you recognition during the days of the event and enable our club to continue to keep soccer as one of the most affordable sports options for Bay youth.
